

# Ngatea Footpath Design feedback

Tell us what you think by Friday March 6

## Are we on the right path?

We're replacing the Ngatea main street footpath and we want to know what you think.

We've come up with a proposed design based on the feedback we've received from you so far.

How do you feel about it? Practical makes perfect? Or does it just need something else? In Waihi, we added quartz paving around the edges of the main street footpaths for a mining touch.

Use this form to tell us what you think about the proposed design, view some other options, or submit your own design, photographs and comments.

## Proposed design

## How do you feel about it?
